* When the owner and the applicant are different people, the applicant must be the purchaser of record or a lessee in possession with written authorization from the owner or an agent of the owner. The owner(s) must sign this application in the space provided on the back of this form or submit a written authorization with this application.

Minor Modifications:

Minor Modifications are processed for permitted uses and conditional uses. To review a modification as a Minor Modification, the Director must first find that the expansion or change does not invoke one or more of the criteria discussed within Section 18.360.050(B) – Site Development Review or Section 18.330.020(B)(2) – Conditional Use. If the modification exceeds the maximum allowed under any one or more of the criteria, a Major Modification review is required. Major Modifications are processed in the same manner as a new Site Development Review or Conditional Use Permit.

Applicant's Statement:

The applicant's statement must include a summary of the proposed changes. Criteria in either 18.360.050(B) or 18.330.020(B)(2) must be addressed with a detailed response to each criterion. Failure to provide the information needed to process the application would be reason to consider an application incomplete and delay review of the proposal.

In addition, the Director must find that the proposed change is in compliance with all applicable requirements of Title 18 of the Tigard Development Code. To complete this review, the Applicant's proposal must include a discussion indicating how the site expansion/change will continue to comply with the maximum setback, building height, parking, and landscaping standards. Other requirements of this title such as clear vision, solid waste storage, non-conforming situations, signs, and tree removal may also be applicable depending on the type and location of the proposed modifications.
