

Fanno Creek Trail Boardwalk & Pedestrian Bridge Project

NEW CROSSWALK & SIGNAL

Tigard pedestrians will soon be able to cross Hall Boulevard, just south of City Hall, with ease using a new pedestrian-activated signalized crosswalk.

NEW LIBRARY ACCESS WALKWAY

The new elevated boardwalk will begin south of the crosswalk and connect with the new timber bridge over Fanno Creek.

NEW PEDESTRIAN BRIDGE

The new timber pedestrian bridge will cross Fanno Creek and connect the new trail with the current Library trail. The bridge will be named in honor of former City Council member Tom Woodruff.
