

2010 GENERAL ELECTION

Measure 34-181

City of Tigard Measure Election to Acquire, Preserve and Protect
Open Spaces, Water Quality, Habitat, and Parks

NOVEMBER 2, 2010 BALLOT

Measure No. 34-181 Question:

Shall City issue \$17 Million General Obligation
Bonds to Acquire, Preserve, and Protect
Open Spaces, Water Quality, Habitat and Parks?

If approved, the proceeds from the bond measure would:

■ **Acquire, Preserve and Protect Land for:**

- Open space and natural areas.
- Fish and wildlife habitat.
- Creeks and streams.
- An interconnected system of regional and local off- road trails and paths that link together neighborhoods, parks, natural areas, schools, commercial centers, and recreational facilities.
- Future neighborhood and community parks.

Please Vote

■ **Create and Improve:**

- Community parks, recreational areas and trails.
- New and expanded facilities in existing and new neighborhood and community parks throughout Tigard.
- Facilities on newly acquired neighborhood and community park land.
- Trails and pathways to connect existing trail segments and provide new links throughout the City.

■ **Cost to property owners:**

- 29 cents per \$1,000 of assessed value in the first year of the 20 year bond repayment.
- For the average homeowner (median assessed value of \$207,000), the total annual cost would be approximately \$60 in the first year.
- Annual property tax rate to property owners would decline over time as assessed value of property increases.

■ **Prioritization of projects would be subject to oversight by the Tigard Parks and Recreation Board.**

■ **All spending of funds collected under this measure would be subject to audit as part of the City's annual audit.**

Please Vote
