

# Unfunded Projects

107 – 109	Unfunded Projects
-----------	-------------------

The Unfunded Projects section includes all projects that were part of the process for consideration and came from master plans, and citizen and staff nominations. The list contains only those projects that are unfunded due to limited resources and lower priority ranking. This list does not include those projects within a master plan that fall outside of the five-year period and/or are too expensive for city resources.

## Unfunded Projects

Priority	Project Name	Funding Source	2014–15	2015–16	2016–17	2017–18	2018–19	Total
