The Park System Development Charge (Park SDC) is a City of Tigard charge that is assessed on new development to support the acquisition and development of parks, greenways, and paved trails, all of which are used by residents of Tigard and by those who work here. The Park SDC is a one-time fee charged to new development to help pay a portion of the costs associated with building additional parks and trails to meet the needs created by both residential and commercial/industrial growth. The SDC revenues can only be used on capacity-increasing capital improvements and cannot be used to repair existing park facilities.

Park SDCs are assessed on new residential development on a per-unit basis and against commercial and industrial development on a per-employee basis.

The amount of the charge for each land use category is adjusted each year, effective July 1st, in relation to two indices, one reflecting changes in development/construction costs and one reflecting changes in land acquisition costs.

For more detailed/updated information on calculating Park SDC's see "Parks & Recreation System Development Charge Methodology Report," by FCS Group, May 19, 2015. Adopted by Ord. 15-09.

**Transportation SDC Annual Adjustment**

7/1/2015

Transportation SDC fees shall be adjusted annually on July 1st of each year beginning in 2016. The index to be used for adjusting transportation SDCs will be based on the weighted average of the year over year escalation for two measurements: 90 percent multiplied by the Engineering News Record Construction Cost Index for the Seattle Area percent change plus 10 percent multiplied by the Oregon Department of Transportation monthly asphalt price (annualized) percent change.

	<b>Countywide Transportation Development Tax (TDT) - (Example Land Uses and Charges*)</b>		
	Single Family Detached	\$8,458 /per unit	7/1/2017
	Apartment	\$5,533 /per unit	7/1/2017
	Residential Condominium/Townhouse	\$5,059 /per unit	7/1/2017
	General Office Building	\$8,876 (per TSFGFA**)	7/1/2017
	Shopping Center	\$11,613 (per TSFGLA**)	7/1/2017

The Countywide Transportation Development Tax (TDT) is a Washington County Tax approved by the voters in November, 2008, that is administered and collected by the City of Tigard. It went into effect on July 1, 2009, replacing the Traffic Impact Fee (TIF) program.

Like TIF, TDT is assessed on new development to help provide funds for the increased capacity transportation improvements needed to accommodate the additional vehicle traffic and demand for transit facilities generated by that development. It provides funds for these capacity improvements to county and city arterials, certain collectors, and certain state and transit facilities as listed in the County's Capital Improvements Project List. The TDT is categorized as an Improvement Fee: revenue must be dedicated to capital improvements that expand capacity and may not be used for maintenance, repair, or other non-capital improvements.

TDTs are assessed on new development on a per-unit basis. For residential uses the units are dwelling units, bedrooms, etc. For commercial and industrial uses the units are the square footage of the use or units unique to the use such as lanes, fueling positions, etc.

For information about the TDT regarding a specific project contact the City's Permits/Projects Coordinator at (503) 718-2426.

\* For more detailed information on calculating TDT charges and a detailed list of Land Uses and TDT charges through 6/30/2013 see Appendix B to Washington County Engrossed Ordinance 691, August 29, 2008 and the Washington County Countywide Transportation Development Tax Manual.

\*\* TSFGFA = thousand square feet gross floor area; TSFGLA = thousand square feet gross leasable area.
