CHIEF OF POLICE ALAN ORR

Message from the Chief

I am pleased to present the City of Tigard Police Department's 2014 Annual Report. In 2014, the dedicated members of the Tigard Police Department continued their unwavering commitment of our department's mission to *"create the highest level of livability possible by working with our citizens to preserve and protect life, liberty, and property."*

I would like to express my gratitude to our patrol officers who are the backbone of our department for their commitment in embracing our mission every day. Tigard is a great place to work, play and live, and the Tigard Police Department supports our city in maintaining its excellent standard of living. Our crime rate continues to be low, and our department is viewed as a leader in community-oriented policing, intelligence-led policing and problem-solving efforts.

As the city continues to expand both in population and in the business sector, we see a dramatic increase of demand on our department's resources. The department aggressively manages all of its resources to maintain a high level of service despite the increasing gap between our workload and our resources. We look forward to working together in the coming year to improve the quality of life in our city. We believe that our past successes are building blocks for the future, and we will continue to be proactive and flexible.

On behalf of the exceptional men and women who constitute the City of Tigard Police Department, I would like to thank Mayor John L. Cook, the City Council members and City Manager Marty Wine for their collaboration and support. Together, we will continue to promote a safe and secure community, and uphold Tigard as *"the most walkable city in the Pacific Northwest."*

Sincerely,

Alan F. Orr
Chief of Police

INVESTING IN RESOURCES

Department Staffing

The Tigard Police Department is organized into three divisions: Operations, Service and Administration, with 83.5 full-time equivalent positions. Of the total, there were 68 sworn officers and 15.5 non-sworn personnel.

Patrol

Patrol is the backbone of the department providing first responders to calls for service and emergencies. The patrol unit consists of 29 officers working in three shifts providing coverage 24 hours a day, 365 days a year. When not responding to calls, officers proactively connect with citizens and business owners in community-based policing efforts utilizing the *district officer* concept. The practice of permanently assigning officers to districts enhances their knowledge of geographic specific problems related to safety and security of Tigard's neighborhoods.

Traffic Safety

Traffic Safety is comprised of three motorcycle officers who focus on making Tigard's roadways safe for residents and visitors by enforcing state and local traffic laws. Officers conduct enforcement campaigns throughout the year, including crosswalk, safety belt, DUII and speeding, as well as regularly patrolling the city's arterials, corridors and highways. The unit is supported by two non-sworn community service officers who assist with traffic control, abandoned vehicles, equipment procurement and special event logistics.

Executive Staff

The chief, assistant chief and captain are accountable for the overall success of the department by providing vision, direction and overseeing all functions and activities. The Executive Staff members represent the department internally and with partner jurisdictions.

Public Information Officer (PIO)

The Public Information Officer works closely with the media to disseminate timely and accurate information regarding the actions of the department, and also coordinates citizen involvement programs.

Canine Unit

Tigard has a canine team consisting of a specially trained officer and one police dog. Together, they track, locate and apprehend suspects throughout Tigard and support other jurisdictions across Washington County. The Canine Unit operates four days a week from 6 p.m. to 4 a.m.

Criminal Investigations Unit (CIU)

Detectives investigate serious crimes against persons and property including homicide, assault, sex abuse, child abuse, rape, burglary, major theft, computer crimes and cases requiring specialized training and experience. The detective unit includes four outsourced detectives that work with regional interagency teams:

- ♦ FBI Metro Gang Task Force— one detective
- ♦ Drug Enforcement Administration anti-narcotics task force— one detective
- ♦ METRO Solid Waste Enforcement— two detectives

Commercial Crimes Unit (CCU)

The CCU is a team-oriented policing partnership with the business community whose purpose is to reduce commercial and business crimes, particularly in the expanding occurrences of organized retail crime. The CCU meets this objective by conducting focused, proactive investigations; providing training and educational opportunities to local businesses, and working with business owners to reduce security risks.

Records Management Unit

The Records Management Unit supports sworn personnel by providing timely information used in the apprehension and prosecution of criminals. Records specialists are responsible for processing internal and external records requests, managing data with various law enforcement records management systems, processing traffic citations, field interrogations cards, incident cards, and liquor license applications.

School Resource Unit (SRO)

The School Resource Unit serves the Tigard-Tualatin School District at elementary, junior and high school levels by interacting with the staff and students at their corresponding schools and after-school events. School Resource Officers provide investigative assistance to the Operations Division on matters involving schools, investigate reports of child abuse and neglect, conduct followup investigations related to school-age missing persons, provide Gang Resistance Education and Training (GREAT), Internet safety, “When I’m in Charge” classes, suicide prevention and self-defense.

Property and Evidence Unit

The Property and Evidence Unit records and maintains the chain of custody for evidence and found property, ensures the proper release of items in their care to owners, and manages the destruction of evidence per statute of limitations and court orders. The Property and Evidence Unit support all sworn personnel by releasing evidence for court presentations.

Peer Court

The Youth Services specialist administers the Tigard Youth Peer Court program and coordinates referrals to juvenile courts. The program specialist functions as the department’s liaison to the Tigard Youth Advisory Council and other area youth-focused programs, as directed. Peer Court was successfully reinstated in 2013 after a hiatus of several years.

Crime Analyst

The Crime Analyst provides timely information to assist officers in solving crimes and detecting crime patterns within the city and throughout the region. The crime analyst supports management’s efforts in allocating resources appropriately and effectively by providing tactical and strategic analysis. The analyst collaborates with law enforcement partners to ensure that regional anti-crime efforts are coordinated through information sharing.

Business Manager

The Business Manager provides financial and specialized administrative support to the Command Staff. The business manager coordinates the preparation of the department’s annual budget, facilitates the acquisition of equipment and professional services, applies for and manages grant funds and monitors the department’s overall financial health.

FISCAL YEAR 2014–15

Department Budget

Total Police Adopted Budget for 2014–15:
\$14,958,140

The budget supports our efforts to carry out the Department’s vision by: *connecting* with citizens, agencies and other jurisdictions, *investing* in well trained, ethical and accountable employees and *creating efficiencies* within existing resources to build public confidence.

The department’s budget can be viewed by division (chart 1) as well as by spending category (chart 2). Patrol functions, which are the backbone of the department, comprise most of the Operations Division; accounting for more than half of the annual budget. Reviewing the budget from another angle, employees are the largest single cost in providing law enforcement

services at slightly more than 70 percent of the annual budget.

While the department invests strategically in new vehicles and upgraded technologies to increase officer safety and capacity to meet citizen needs, the single most critical factor in providing a safe community is maintaining the optimal number officers.

With a City of Tigard residential population of just over 50,000, the \$14.9 million FY 2014–15 adopted budget equated to about \$291 per resident in 2014. Including the additional daytime population (estimated to be 50,000) of non-residents who regularly shop and work in the area, the cost per person is approximately \$145 a year.

LAW ENFORCEMENT CONNECTIONS

Interagency Partnerships

The Tigard Police Department works closely with a variety of law enforcement agencies and task forces within the region. These partnerships broaden the scope and depth of the investigations that the department provides to citizens by adding strength and specializations that would not be possible otherwise.

Crash Analysis Reconstruction Team (CART)

Two officers are members of this multi-agency team comprised of officers within Washington County trained in traffic crash deconstruction.

Crisis Negotiations Unit (CNU)

Two detectives are part of the CNU, in addition to officers throughout Washington County. The CNU also includes mental health consultants who effectively manage each crisis. The CNU was formerly known as the Hostage Negotiation Team (HNT).

Drug Enforcement Agency (DEA)

One detective is assigned to the DEA to support the reduction of illegal domestic drug availability and trafficking in the region.

Interagency Gang Enforcement Team

Two officers from Tigard serve as liaison within Washington County on gang-related issues.

FBI Lost Innocence Task Force

One detective is assigned to this multi-agency team that works with the FBI and the U.S. Attorney's Office to address the problem of domestic sex trafficking of children.

Metro Regional Government

Two detectives are assigned to the Regional Illegal Dumping Patrol to ensure that illegal dumps are cleaned up and investigated. The program is fully funded by Metro.

Metro Gang Task Force

One detective from the Tigard Police Department is assigned to the Metro Gang Task Force. The mission of the task force is to disrupt and dismantle criminal street gangs by conducting collaborative, intelligence-based investigations and prosecutions against organized criminal street gang activity. The task force is a joint effort of the FBI, the U.S. Attorney's Office, local prosecutors and several regional law enforcement agencies.

Major Crimes Team

Sponsored by the Washington County District Attorney's Office, this team of experienced detectives provides mutual aid with immediate investigative needs during major events. One sergeant and three detectives are assigned to the Major Crimes Team.

Tactical Negotiations Team (TNT)

Two officers are assigned to this Washington County tactical team.

TriMet

One sergeant and four officers work as transit police to provide security throughout the transit system. The program is fully funded by TriMet.

TRAFFIC AND PEDESTRIAN

Road Safety

Tigard is committed to traffic safety and developing new methods for educating the public. In collaboration with the Tigard Municipal Court, the Police Department created the Distracted Driver Diversion class in July 2014.

Distracted Driver Diversion

For adult drivers, the class may be offered by the court following a 'no contest' plea to a cellphone or other distracted driving violation in lieu of a conviction on their driving record. The program is offered free to Tigard teenagers as part of our teen driver safety education initiative.

In the first six months of the program, the department taught 225 drivers—83 percent were referred by the court and 17 percent were teen drivers.

Traffic Safety Grants

The Tigard Police Department continues its partnership with the Oregon Department of Transportation (ODOT) and nonprofit Oregon Impact to secure National Highway Traffic Safety grant dollars. These grants are a critical factor in supporting concentrated enforcement efforts to combat traffic related safety issues such as driving while under the influence of intoxicants (DUII), crosswalk enforcement, and seat belt compliance.

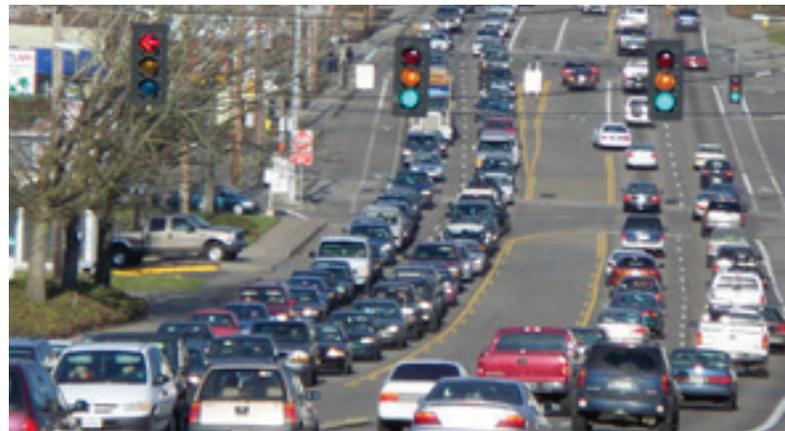

Distracted Driver Diversion Class Comments

Excellent information.
Very impactful.

I think everyone who tests for a driver's license should take this class.

It was excellent. I won't be texting and driving anymore!

I had my eyes opened at this class. It made me realize how vulnerable we are driving.

UNIFORM CRIME REPORTING — PART I

Crime Statistics

Part I crimes, federally tracked as the most serious person and property crimes, continued to decline in 2014, with the most notable reductions in burglaries and larceny/theft.

Although the individual incidences of larceny have decreased from the prior year, Tigard Police Department's Commercial Crimes Unit (CCU) investigates increasingly complex cases.

For example, a yearlong investigation into new construction burglaries resulted in the arrest and indictment of at least one suspect who is responsible for over \$100,000 in appliance

thefts from Tigard and surrounding communities. In addition, nearly 100 stolen appliances, furniture and art fixtures were recovered and returned to their rightful owners.

Part I Crimes	2013	2014	Year to Year Difference	% of Part I Crime: 2014

Total Part I Crimes	1,726	1,475	(251)	100%

* Indicates a Measure 11 Crime which requires a mandatory minimum prison sentence.

UNIFORM CRIME REPORTING — PART II

Crime Statistics

Part II crimes continue to decline from the previous year. In particular, vandalism continues on its 15-year downward trend. Incidents of fraud increased from the prior year due to large scale Internet data breaches in addition to an increase in activity from groups of fraudulent credit card thieves.

On average, a new group of fraudulent credit card users is discovered in Tigard or the Portland metro area every two or three weeks. Each of these groups uses several dozen stolen or

counterfeited credit card numbers to obtain hotel rooms and purchase goods or services from numerous retailers before disappearing. The Commercial Crimes Unit partners

with neighboring jurisdictions and the business community to identify, track, investigate, and arrest these groups as they are discovered.

Part II Crimes	2013	2014	Year to Year Difference	% of Part II Crime: 2014
Simple Assault	121	143	22	8%
