Congresswoman Bonamici Visits Tigard to Spotlight Federal Investment in the Hunziker Industrial Core Project

The City of Tigard is hosting a ceremonial groundbreaking for the Hunziker Industrial Core Access Project on Friday, June 1 at 9:30 a.m. Congresswoman Suzanne Bonamici will deliver remarks about the Hunziker Project and its expected impact on the Tigard community.

“Federal investments like this \$2.1 million grant help build our infrastructure and lead to thriving local communities,” said Congresswoman Suzanne Bonamici. “I have been proud to partner with the City of Tigard in seeking and securing federal funds to develop the Hunziker Industrial Core and create good local jobs. From the groundbreaking onward, this federal investment will help Tigard continue to grow and prosper.”

Federal funding will be paired with State of Oregon funding and a developer’s contribution to build a public road from Hunziker Street to the heavy rail tracks and eventually to Tech Center Drive. Federal funding comes from the U.S. Department of Commerce Economic Development Agency’s Public Works and Economic Development Assistance fund.

Other dignitaries giving remarks at the ceremony include Tigard Mayor John Cook, Steve Wells, Senior Managing Director, Trammel Crow, and David Porter, Economic Development Representative, USDOC – Economic Development Administration

“The City of Tigard is extremely grateful to Senator Merkley and Representative Bonamici for supporting our EDA grant request. Their offices have been engaged in this project for nearly two years helping the city navigate the federal process and ultimately bring this federal investment to Tigard,” said Mayor Cook. “The EDA grant will help stimulate investment, economic growth and job creation in our community.”

Project details can be found at http://www.tigard-or.gov/business/hunziker_core_infrastructure_project.php
