Pedestrian Struck by Vehicle While Crossing Hall Boulevard

Just before 5 p.m. on Monday, December 17, a pedestrian attempting to cross Hall Boulevard in Tigard was struck by a vehicle. The incident occurred in the area of a Fanno Creek Trail pedestrian crossing spanning Hall Boulevard, just south of Tigard City Hall. The pedestrian sustained serious injuries and was transported by ambulance to OHSU. The driver of the vehicle involved remained at the scene and is cooperating with police.

The incident closed Hall Blvd. to traffic in both directions during the peak of rush hour traffic. TVF&R arrived with Tigard Police officers and provided emergency medical care to the victim. Police have not been able to confirm the identity of the man as he was not carrying any identification. Darkness and heavy rain at the time of the crash was reported.

Tigard Police is presently investigating the incident. Police would like to remind motorists to always expect pedestrians crossing near crosswalks. Drivers should also exercise care during darkness and inclement weather. Pedestrians are reminded to be cautious when walking. Before crossing roads, be certain you are seen by drivers and traffic is stopped. Wearing light colored and/or reflective clothing if planning to be out during hours of darkness and inclement weather is strongly recommended.
