# Households with Neutral Exits	Zero	Zero
# Households with Non-Voluntary Exits	Zero	Zero

### Participants' City and State Origin Before Entering the Program

**6**

Households  
5 - Tigard, OR  
1 - Beaverton, OR

### Participants' City and State Destination Exiting the Program

**1**

Households  
1- Aloha, OR (Alternate Shelter)

### Summary of Any Incidents that Have Occurred at the Host Sites Including Tigard Police and Tualatin Valley Fire & Rescue Calls

#### Total calls for service: 1

- A non-emergency call was made by a community member for a welfare check of a Safe Parking participant. Tigard Police responded, but the individual was not in need of services. Just Compassion checked in with the participant, and no further action was needed.

### Additional Program Information

- This month, one participant exited from the program into pod shelter, after a year on the waitlist. The individual had been very engaged in case management and Just Compassion is excited to see them take the next step in their journey toward stable housing.
- The Year 1 Safe Parking report will be released with this monthly report, marking the start of Year 2.

### Definitions:

**# Households Transitioned to Stable Housing/Alternative Service:** This is the number of households in the program that have transitioned directly to housing, or to an alternative service such as family or non-congregate shelter. We consider these to be successful exits that are part of a larger housing case management plan that is supportive and sustainable for our participants.

**# Households with Neutral Exits:** This category refers to households who decide to leave the program on their own and have stated they are able to self-resolve their own situation or need to move due to other factors. For example, we have had individuals leave the program because there is a family emergency they need to attend elsewhere, they have found a job that takes them to a different community, or they feel that the program is not the right fit for them. Households that chose to leave the program are provided with resource/service information and advised on local ordinances around parking/camping.

**# Households with Non-Voluntary Exits:** This category is the number of households that were asked to leave the program because of noncompliance with program guidelines. This includes households that do not engage in a case management plan or follow through on housing. Households that are asked to leave the program are provided with information about alternative services and advised on local ordinances around parking/camping.
