### Additional Program Information

- Safe Parking has kicked off at two new host sites, on February 2nd. The Tigard City Hall site has been sunsetted, with three other host sites in operation. Two participants that were at the Tigard City Hall site have moved to new locations, while they continue to work on their case management plan. Following reports will reflect the data for the three existing host sites and the participants enrolled at those locations.

**Definitions:**

**# Households Transitioned to Stable Housing/Alternative Service:** This is the number of households in the program that have transitioned directly to housing, or to an alternative service such as family or non-congregate shelter. We consider these to be successful exits that are part of a larger housing case management plan that is supportive and sustainable for our participants.

**# Households with Neutral Exits:** This category refers to households who decide to leave the program on their own and have stated they are able to self-resolve their own situation or need to move due to other factors. For example, we have had individuals leave the program because there is a family emergency they need to attend elsewhere, they have found a job that takes them to a different community, or they feel that the program is not the right fit for them. Households that chose to leave the program are provided with resource/service information and advised on local ordinances around parking/camping.

**# Households with Non-Voluntary Exits:** This category is the number of households that were asked to leave the program because of noncompliance with program guidelines. This includes households that do not engage in a case management plan or follow through on housing. Households that are asked to leave the program are provided with information about alternative services and advised on local ordinances around parking/camping.
